MILTON CENTRE FOR THE ARTS

ABOUT THIS PROJECT

- + This new facility in Milton, Ontario was constructed as part of the Infrastructure Renewal Projects.
- + This project included the Performing Arts Centre/Theatre, the Visual Arts Centre, and the Library.
- + The structure, targeting LEED Silver Certification, utilizes energy efficient lighting and lighting controls.
- + Ventilation rates for the facility meet or exceed code requirements.
- + CO2 sensors allow ventilation to be increased when needed and energy saved at all other times.
- + The fire protection system is designed to National Fire Protection Association-13 Standard, Ontario Building Code and National Fire Code of Canada.
- + Design work for the project included engaging with Town of Milton and Milton Public Library stakeholders to provide two separate network infrastructures for each component within the building.
