# LEON'S CENTRE

## ABOUT THIS PROJECT

- + Engaged as the engineers representing the owners.
- + Project included the design and construction of a 5,600-seat spectator venue for hockey and other sports events (6,800 seats for concerts).
- + Designed with the option for the potential addition of 1,000 seats in the future.
- + Design incorporated environmental and energy saving features and attained LEED Silver Certification.
- + Single-tier design accommodates 28 private suites, a club lounge, a restaurant that is open to the seating bowl, and group hospitality suites that double as community meeting rooms.
- + Street-level main concourse incorporates the Kingston and District Sports Hall of Fame exhibits, retail space, and a sports café, all with interior and street access.
